

ORAL PRESENTATION

	Session / Date and Time	Presenter author	Title
1	General Session 1 May 13, 2022 - 2:25 pm	Francine Fischer Sgrott	Photobiomodulation in breast cancer radiodermatitis: photodermis, a double blind randomized controlled trial (NCT04059809)
2	General Session 1 May 13, 2022 - 2:35 pm	Joerg Heil	Vacuum-Assisted Biopsy to Identify Breast Cancer Patients With Pathologic Complete Response (ypT0 and ypN0) After Neoadjuvant Systemic Treatment for Omission of Breast and Axillary Surgery
3	General Session 1 May 13, 2022 - 2:45 pm	Eder J Guidelli	Scintillating Nanoparticles for X-ray activated Photodynamic Therapy and Next-Generation In Vivo Dosimetry
4	General Session 2 May 13, 2022 - 5:05 pm	Ísis Salviano Soares de Amorim	Genomic and clinical data analysis of APE1 protein, breast cancer stem cell phenotype and hypoxic tumor microenvironment
5	General Session 2 May 13, 2022 - 5:15 pm	Fabio Postiglione Mansani	De-escalation of chemotherapy in elderly women using a 70-gene platform – comparison of the MINDACT study with a real-world study in the Brazilian population (AGEMA-BRA).
6	General Session 2 May 13, 2022 - 5:25 pm	Rafael Canfield Brianese	Multigene germline NGS testing in triple-negative breast cancer (TNBC)
7	General Session 3 May 13, 2022 - 7:45 pm	Letícia da Conceição Braga	Triple-negative breast cancer patients have more abundant mirnas profiles derived from the peripheral blood circulating microvesicles as a tool of liquid biopsy
8	General Session 3 May 13, 2022 - 7:55 pm	Thayse Batista Moreira	Circulating neutrophil-derived microvesicles as a potential diagnostic marker in breast cancer patients
9	General Session 3 May 13, 2022 - 8:05 pm	Ana Carolina De Aquino Diniz	Prevalence of PD-L1 among patients with metastatic triple negative metastatic breast cancer (mTNBC) and its association with tumor infiltrating lymphocytes (TIL)
10	General Session 4 May 13, 2022 - 9:25 pm	Fabiana Christina Araújo Pereira Lisboa	Comparative analysis of the degree of patient satisfaction after breast-conserving surgery with or without oncoplastic surgery: a systematic review and meta-analysis.
11	General Session 4 May 13, 2022 - 9:35 pm	María Laura Ramos Pérez	Tissue expander or permanent implant in immediate breast reconstruction after mastectomy? – A systematic review
12	General Session 4 May 13, 2022 - 9:45 pm	Dr Muskaan Khosla	Multi-centre prospective evaluation of Negative Pressure Wound Therapy (NPWT) in patients undergoing oncoplastic breast surgery
13	General Session 5 May 14, 2022 - 8 am	Martina Lichtenfels	Validation of a novel in vitro breast cancer chemoresistance platform in neoadjuvant setting
14	General Session 5 May 14, 2022 - 8:10 am	Ana Paula Thiesen	Deep learning neural network image analysis of immunohistochemical protein expression reveals a significantly reduced expression of Biglycan in breast cancer.
15	General Session 5 May 14, 2022 - 8:20 am	Rafael Canfield Brianese	Investigation of circulating-tumor DNA (ctDNA) in patients with non-metastatic Triple-Negative Breast Cancer (TNBC) submitted to neoadjuvant chemotherapy

COMMENTATED POSTER PRESENTATION

	Session / Date and Time	Presenter author	Title
1	Commented poster session 1 May 13, 2022 - 7:15 pm	Daniele Paixão	Multigene Panel Testing for breast cancer predisposition in Brazilian patients
2	Commented poster session 1 May 13, 2022 - 7:18 pm	Jose Claudio Casali da Rocha	Application of a remote, fully oriented personalized program of physical exercise for women in follow-up after breast cancer treatment: effects on body composition and physical fitness
3	Commented poster session 1 May 13, 2022 - 7:21 pm	Paula Francinete Faustino da Silva	Early-onset breast cancer patients fulfilling hereditary breast and ovary cancer and Li-Fraumeni like syndromes can harbor TP53 pathogenic variants
4	Commented poster session 1 May 13, 2022 - 7:24 pm	Vitor Alves Marques	Comparation of functional performance and kinesiophobia between breast cancer survivors and apparently health women
5	Commented poster session 1 May 13, 2022 - 7:27 pm	Bárbara Danielle Silva Siqueira	MIR-26a AND MIR-181c profile highlight as potential prognosis biomarkers in triple-negative breast cancer patients
6	Commented poster session 2 May 13, 2022 - 7:50 pm	Ridania de Oliveira Frederice	Determinants of survival on Brazilian patients with breast cancer in public and private practice.
7	Commented poster session 2 May 13, 2022 - 7:53 pm	Patricia Santolia Giron	Effect of acupuncture and exercise therapy on muscular strength, lymphedema and quality of life in breast cancer survivors
8	Commented poster session 2 May 13, 2022 - 7:56 pm	Danyelle Santos Novaes	The impact of the covid-19 pandemic on the performance of mammographies in the brazilian northeast: an ecological study

9	Commented poster session 2 May 13,2022 - 7:59 pm	ISABELLA B. R. G. TUMEH	Evaluation of an E-Health Program: Results in The Emotional Well-Being of Brazilian Patients With Breast Cancer
10	Commented poster session 2 May 13,2022 - 8:02 pm	Yuri Cardoso Rodrigues Beckedorff Bittencourt	Somatic mutational landscape characterization of metastatic breast cancer in Brazil.
11	Commented poster session 3 May 13,2022 - 8:25 pm	Marla Alcolea	Immunomodulatory effects of honey from stingless bees and honey bees on breast cancer cells
12	Commented poster session 3 May 13, 2022 - 8:28 pm	Diana Artene	Fat loss solutions for overweight breast cancer patients with sleep disturbances
13	Commented poster session 3 May 13,2022 - 8:31 pm	Rosangela da Silveira Corrêa	Opportunistic mammographic screening indicators in a decade in the state of Goiás: technical, social and economic characteristics.
14	Commented poster session 3 May 13,2022 - 8:34 pm	Maria Fernanda Passos Rocha Ramos	Diagnosis of breast cancer in Brazil: reflection on the impact of the COVID-19
15	Commented poster session 3 May 13,2022 - 8:37 pm	Erick de Matos Santos	Standardization of the ficoll gradient technique for the isolation of mononuclear cells from peripheral blood
16	Commented poster session 4 May 13,2022 - 9 pm	Geovanna Cota Caetano	Evaluation of CYP2D6 Polymorphism in Patients with Breast Cancer and Tamoxifen Users of Two Breast Services of Belo Horizonte
17	Commented poster session 4 May 13,2022 - 9:03 pm	Jose Claudio Casali da Rocha	Tamoxifen Adjuvant Interferers Study (TAIS study): an explorative analysis of (Z)-Endoxifen and early recurrence of breast cancer in a prospective Brazilian study
18	Commented poster session 4 May 13,2022 - 9:06	Fernanda Grace Bauk Richter	Does the Body Mass Index (BMI) impact the overall survival (OS) of Brazilian women with breast cancer (BC) who have achieved pathological complete response (pCR) after neoadjuvant chemotherapy (NCT)?
19	Commented poster session 4 May 13, 2022 - 9:09 pm	Hagigat Valiyeva	Neoadjuvant chemotherapy of breast cancer without further surgical intervention
20	Commented poster session 4 May 13,2022 - 9:12 pm	Anna Luiza Zapalowski Galvão	Adherence to adjuvant endocrine therapy and its determining factors in patients with breast cancer

E-POSTER PRESENTATION

	Session / Date and Time	Presenter author	Title
1	On demand on the virtual platform in e-poster	Maria Fernanda Passos Rocha Ramos	Influence of COVID-19 on breast cancer diagnosis and follow-up in Brazil
2	On demand on the virtual platform in e-poster	Tatiana Strava Correa	Hereditary Breast Cancer in the public health system of Federal District (DF)- Brazil
3	On demand on the virtual platform in e-poster	Anastasio Berrettini Junior	Evaluation of the proliferative activity of the mammary epithelium during the 4th month of use of combined oral hormonal contraceptives in an extended regimen:
4	On demand on the virtual platform in e-poster	Marcelo Antonini	Comparative analysis between screening mammography performed in patients at usual risk and patients at high risk for breast cancer
5	On demand on the virtual platform in e-poster	Carolina N. Valadares	Vacuum Assisted Excision (VAE): A Potentially Approach For Percutaneous Treatment Of Small Breast Tumors
6	On demand on the virtual platform in e-poster	Christina souto Cavalcante costa	OBSTACLES FACED BY BREAST CANCER PATIENTS: FROM EARLY DIAGNOSIS TO TREATMENT DIAGNOSIS TO TREATMENT
7	On demand on the virtual platform in e-poster	Rafael Ribeiro Alves	Chemotherapy treatment reduces neuromuscular and functional capacity performance, but not the perception of exertion of women with breast cancer
8	On demand on the virtual platform in e-poster	Jenna Shepherd	The COVID-19 Pandemic and Loss of Breast Reconstruction Services: Has It Affected Patient Quality of Life and Wellbeing?
9	On demand on the virtual platform in e-poster	Andre Mattar	A retrospective analise of 4.466 luminal breast cancer treated in a Reference Center
10	On demand on the virtual platform in e-poster	Kallyta Myllena e Silva	Overview of mammography in Goiás between 2016 and 2021
11	On demand on the virtual platform in e-poster	Danielle Cristina Netto Rodrigues	The influence of mammographic screening of the Unified Health System (SUS) on the staging of breast cancer in Brazil and Federative Units.

12	On demand on the virtual platform in e-poster	Carolina Lamac Figueiredo	Breast cancer treatment delay associated factors in Northern Minas Gerais
13	On demand on the virtual platform in e-poster	Khaled abdelwahab	LIPOFILLING IN BREAST CONSERVING SURGERY; our experience in mansoura
14	On demand on the virtual platform in e-poster	Eduardo Carvalho Pessoa	Features and prognosis of stage I-IV breast cancer subtypes at the Clinical Hospital of Botucatu Medical School – UNESP
15	On demand on the virtual platform in e-poster	Rafael Araujo Ponce de Leon	FREE NIPPLE GRAFT: CURRENT INDICATIONS AND APPLICATIONS OF A CENTENARY BREAST SURGERY TECHNIQUE - A LITERATURE REVIEW
16	On demand on the virtual platform in e-poster	René Aloisio da Costa Vieira	Influence of the type of criteria used for classification of the best studies in Medical Events
17	On demand on the virtual platform in e-poster	Leonardo Ribeiro Soares	CHARACTERIZATION OF CHRONIC PAIN IN WOMEN SUBMITTED TO BREAST CANCER TREATMENT
18	On demand on the virtual platform in e-poster	Sabaretnam M	VALIDATION OF INDIAN MODEL FOR BREAST SELF EXAMINATION
19	On demand on the virtual platform in e-poster	Annamaria Massahud Rodrigues dos Santos	Screening mammography before and during the COVID-19 pandemics in Brazil: an analysis from public registries
20	On demand on the virtual platform in e-poster	Flavia da Rocha Lapa FláviaLapa	Evaluation of malignancy underestimation in breast papillary lesions diagnosed at percutaneous biopsy in a south brazilian anatomopathological laboratory center
21	On demand on the virtual platform in e-poster	José Euderaldo Costa Gomes Filho	Access to breast cancer treatment associated with sociodemographic and lifestyle characteristics
22	On demand on the virtual platform in e-poster	Laura Beatriz Rocha Falcão Carneiro	Palliative care: A multiprofessional approach in patients with breast cancer
23	On demand on the virtual platform in e-poster	Marcelo Antonini	IS THERE ANY DIFFERENCE IN LOCOREGIONAL RECURRENCES AFTER CONSERVING BREAST SURGERY IN PATIENTS OVER 70 YEARS OLD COMPARED WITH PATIENT BELOW?
24	On demand on the virtual platform in e-poster	Igor Lopes dos Santos	Analysis of the R337H variant in the TP53 gene in a group of premenopausal women with breast cancer from the Central-Western region of Brazil: a pilot study
25	On demand on the virtual platform in e-poster	Nayara Carvalho de Sá	ANALYSIS OF TUMOR RESPONSE IN THE BREAST AND AXILLA ACCORDING TO MOLECULAR SUBTYPE IN BREAST CANCER PATIENTS SUBMITTED TO NEOADJUVANT CHEMOTHERAPY
26	On demand on the virtual platform in e-poster	Aline Ferreira Bandeira de Melo Rocha	Mammographic screening coverage in elderly women in Brazil
27	On demand on the virtual platform in e-poster	Kamila Fernandes Ferreira	ASSESSMENT OF WEIGHT AND ITS RELATIONSHIP WITH BREAST CANCER IN A CLINICAL ONCOLOGY SERVICE IN THE FEDERAL DISTRICT
28	On demand on the virtual platform in e-poster	José Euderaldo Costa Gomes Filho	Immunophenotyping of breast cancer associated with malignant tumor classification and histopathological features
29	On demand on the virtual platform in e-poster	Leticia Andrade Silveira	The influence of physical exercise as Integrative, Complementary practice on patients with breast cancer diagnostic: A literature review
30	On demand on the virtual platform in e-poster	Etienne El-Helou	Macroscopic evaluation of the pathological margin in patients with breast cancer during breast-conserving surgery
31	On demand on the virtual platform in e-poster	Felipe Zerwes	Systemic treatment for early-stage triple negative breast cancer: a recommendation from an expert panel of the Brazilian Society of Mastology
32	On demand on the virtual platform in e-poster	Jane Braga da Silva	Evaluation of the Clinical Parameters of a Group of Patients with Triple Negative Breast Tumors
33	On demand on the virtual platform in e-poster	Igor Lopes dos Santos	Clinicopathologic features associated with the prognosis of young women with breast cancer in Brazil
34	On demand on the virtual platform in e-poster	José Pereira Guará	RECONSTRUÇÃO IMEDIATA COM IMPLANTE PÓS MASTECTOMIA COM TÉCNICA PRÉ-PEITORAL VERSUS SUBMUSCULAR: EXPERIÊNCIA INICIAL DE UM CENTRO PÚBLICO DE TRATAMENTO ONCOLÓGICO.
35	On demand on the virtual platform in e-poster	Junia Costa Carvalho	Conducting breast cancer research during a pandemic isolation time
36	On demand on the virtual platform in e-poster	José Euderaldo Costa Gomes Filho	Access to breast cancer treatment associated with malignant tumor classification and histopathological characteristics
37	On demand on the virtual platform in e-poster	J R Jeena Josephin	Is young breast cancer biologically different and aggressive? - A retrospective comparative study
38	On demand on the virtual platform in e-poster	Leonardo Ribeiro Soares	Locoregional treatment for early-stage triple negative breast cancer: a recommendation from an expert panel of the Brazilian Society of Mastology

39	On demand on the virtual platform in e-poster	Jéssica Heloíse Camargo de Lima	Self-Perception of Happiness in Women with Breast Cancer
40	On demand on the virtual platform in e-poster	Maria Luíza de Oliveira Almeida Bax	Breast reconstruction with and without adjuvant radiotherapy: a critical review
41	On demand on the virtual platform in e-poster	Ilse Franco de Oliveira	PREVALENCE STUDY OF CLINICAL INDICATIONS FOR BREAST MRI
42	On demand on the virtual platform in e-poster	José Euderaldo Costa Gomes Filho	Immunophenotyping of breast cancer associated with sociodemographic and lifestyle characteristics
43	On demand on the virtual platform in e-poster	Maria Laura Peraça Duarte	Clinical characterization of patients with breast cancer doing follow-up on a reference hospital in the West of Santa Catarina state, Brazil.
44	On demand on the virtual platform in e-poster	Darley Ferreira	ANALYSIS OF WOMEN WITH BREAST CANCER SUBMITTED TO IMMEDIATE OR DELAYED BREAST RECONSTRUCTION
45	On demand on the virtual platform in e-poster	Graziela Couto de Carvalho	Axillary lymph node clip placement and resection at surgery: A single-center study.
46	On demand on the virtual platform in e-poster	Thais Karla Vivan	Evaluation of the applicability of the ACOSOG Z0011 study in the axillary treatment of patients with early breast cancer, in a tertiary-level hospital in the Federal District
47	On demand on the virtual platform in e-poster	Darley Ferreira	EPIDEMIOLOGICAL ANALYSIS OF WOMEN WITH BREAST CANCER SUBMITTED TO BREAST RECONSTRUCTION IN A TERTIARY HOSPITAL IN PERNAMBUCO.
48	On demand on the virtual platform in e-poster	Elis Nogara Lisboa	Deleterious variants in RAD51C gene and breast cancer – report of three patients with triple negative breast cancer
49	On demand on the virtual platform in e-poster	Katyane Larissa Alves	ULTRASOUND-GUIDED VACUUM-ASSISTED RESECTION: REPORT OF A CASE SERIES
50	On demand on the virtual platform in e-poster	Andreza Souto	Neuroendocrine carcinoma of the breast and ileum in a patient with BRCA2 pathogenic variant – oncologic and genetic considerations derived from a case report.
51	On demand on the virtual platform in e-poster	Fernanda Teresa de Lima	Male breast cancer associated with a large deletion in BLM gene – report of a case
52	On demand on the virtual platform in e-poster	Jorge Illarramendi	BREAST PLASMACYTOMA: A CASE TREATED WITH IRRADIATION THAT EVOLVED TO FURTHER BILATERAL BREAST INVOLVEMENT AND SYSTEMIC DISEASE REFRACTORY TO CHEMOTHERAPY
53	On demand on the virtual platform in e-poster	Jaime Letzkus	Prepectoral Breast Reconstruction. Preliminary report of a Chilean experience in 46 patients.
54	On demand on the virtual platform in e-poster	Lais de Abreu Trevisan	Case Report: Physiotherapy Teleservice in the Immediate Postoperative Breast Cancer Surgery.
55	On demand on the virtual platform in e-poster	José Manuel Lagos B	Sentinel node biopsy with Magtrace® in a Her-2 positive patient diagnosed during pregnancy with complete clinical response to neoadjuvant treatment.
56	On demand on the virtual platform in e-poster	Jorge Illarramendi	IRON OVERLOAD IN A BREAST CANCER PATIENT WITH A HOMOZYGOUS MUTATION IN THE HFE HEMOSTATIC IRON REGULATOR GENE: CONSIDERATIONS REGARDING THE USE OF ADJUVANT HORMONE THERAPY
57	On demand on the virtual platform in e-poster	Carolina Gaze Gonçalves Fontenele Gome	LOCALLY ADVANCED SYNCHRONOUS BILATERAL BREAST CANCER: A RARE CASE REPORT
58	On demand on the virtual platform in e-poster	Luciana Carla Belém dos Santos	Metastatic Breast Cancer to the Uterine Cervix: A Case Report
59	On demand on the virtual platform in e-poster	Katyane Larissa Alves	SPOROTRICHOSIS IN AXILLARY LYMPHADENOPATHY SIMULATING RECURRENCE OF BREAST NEOPLASM: A CASE REPORT
60	On demand on the virtual platform in e-poster	Etienne El-Helou	Primary breast tuberculosis mastitis manifested as non-healing abscess
61	On demand on the virtual platform in e-poster	Etienne El-Helou	Incidental finding of solitary fibrous tumor of male breast
62	On demand on the virtual platform in e-poster	José Manuel Lagos Bononato	Extreme oncoplastic surgery in a patient with breast cancer and macromastia.
63	On demand on the virtual platform in e-poster	Matheus Lavigne Marinho	Hypercalcemia in newborn secondary to malignant hypercalcemia in pregnant woman with metastatic breast cancer: case report
64	On demand on the virtual platform in e-poster	Mayra de Oliveira Santos	Conservative surgery in adenoid cystic carcinoma: case report
65	On demand on the virtual platform in e-poster	Iuri Fernando Coutinho e Silva	Thoracic reconstruction: The importance of plastic surgery in oncology treatments

66	On demand on the virtual platform in e-poster	Francine Fischer Sgrott	Photobiomodulation and manual lymph drainage for the treatment of nipple necrosis in breast cancer patient: two cases report
67	On demand on the virtual platform in e-poster	Carlos Ricardo Chagas	THE IMPORTANCE OF MANAGING B3 LESIONS: CASE REPORT
68	On demand on the virtual platform in e-poster	Etienne El-Helou	Primary invasive ductal carcinoma of axillary accessory breast.
69	On demand on the virtual platform in e-poster	Carlos Ricardo Chagas	Ductal carcinoma in situ and fibroadenoma
70	On demand on the virtual platform in e-poster	Natascha Carneiro Chagas	Angiodsarcoma de mama
